The entire region radiating from Jasper is fertile in scenic and historic interest and whether one travels on foot or on horseback or by car or by pack train, new wonders are constantly unfolding to the eye.

Undoubtedly it needed only proper accommodation to bring Jasper Park to the fore among the mountain resorts of America. Now that the Canadian National Railways have provided it, in the region of Jasper Park Lodges, visitors from all parts of the world will be coming to the wonderland of the north country. The railways have not only chosen an ideal spot for the camp itself, but it is most desirably located as the starting point for expeditions of all sorts. Edmonton visitors to Jasper Park need not expect the tiring journey to the camp. One can reach the camp by the most direct route, by the Jasper and Athabasca rivers, and the scenery is of a grandeur and beauty which is seldom seen elsewhere. One can reach the camp by the most direct route, by the Jasper and Athabasca rivers, and the scenery is of a grandeur and beauty which is seldom seen elsewhere.

The awe-inspiring magnitude and force of Maligne Canyon and Glacier is a memorable sight to all and leads to the realization of the grandeur of the Canadian Rockies. The entire trip from the Lodges to the Canyon is a most pleasing one. The scenery is of a grandeur and beauty which is seldom seen elsewhere. One can reach the camp by the most direct route, by the Jasper and Athabasca rivers, and the scenery is of a grandeur and beauty which is seldom seen elsewhere.

With its magnificent scenery and variety of other interesting features, and being as it does, within a few hours' travel from the city, it is not surprising that Jasper Park is rapidly developing into a recreation centre for Edmontonians.

Distance of Birch Lake from Innisfree—One mile

It is presumed that Birch Lake has always been on the map, but until this summer the fact was generally known. No explanation is given for the oversight, and the result is that until this year one of Alberta's most beautiful spots has been practically overlooked.

A dining pavilion has been erected and there is a satisfactory canteen, under the management of Messrs. Chad and Oakley, that possesses very real quality.

A tent city is erected for the convenience of visitors, and tents may be secured, furnished or unfurnished. Information regarding them may be obtained on application to the secretary of the board of trade, Innisfree, Alberta.

"Walk to the Left"
New Rule Adopted
in London Boroughs

London, Aug. 2.—(C. P. C.)—Considerable confusion has followed in some of the London boroughs as a result of the new rule of the pavement requiring pedestrians to "walk to the left." Last night the house of lords quashed the bill, but the confusion is something to remedy the existing state of affairs in these boroughs and other places.

The London county council has approved the rule of having pedestrians walk to the left in the streets, but the city of London corporation has declined to do so in the matter and refused to acknowledge the rule, preferring that the citizens maintain the ancient rule of walking on the right.

The minister of transport has been expected to put it down if it is not accepted by the London corporation. In the meantime Londoners will have to walk on the left, but some are not so sure of the matter and are still walking on the right.

WOMAN ADMITS KILLING BROTHER-IN-LAW
Mrs. Mary Joy of Hillcrest Field By Provincial Police Charge of Murder

Edmonton, Aug. 2.—Mrs. Mary Joy of Hillcrest Field, who was charged with the murder of her brother-in-law, John Joy, who was killed by her on August 1st, admitted the crime today in court.

Mrs. Joy confessed that the killing took place at her home in Hillcrest Field, on August 1st, when she was alone with her brother-in-law. She admitted that she had killed him with a knife.

The body of the victim has been found in the garden of the house. The police are now investigating the case and have not yet arrested any other suspects.

The details as to how the killing was accomplished are available here but it is presumed that she had been quarrelling with her brother-in-law at the time of the murder.

The husband has just returned from the United States and is now in the city. He is now in the city and is now in the city.

EMBARGO PLACED ON U.S. EXPORT OF COAL TO CANADA

Federal Fuel Distributor Says No Request Made By Canada For Allotment

Toronto, Aug. 1.—The United States has placed an embargo on the exportation of coal to Canada, according to Tom King, writing from Washington to the Toronto Star today of an interview with Henry B. Rosner, federal fuel distributor.

Asked if he would allocate a certain percentage of coal mined for export to Canada, Mr. Rosner said that the primary purpose of the federal embargo was to protect the allocation of coal among the states of the union.

Personally he had no application for an allotment of coal from Canada and he took it for granted that any representations would be made by the Canadian government. He was very reluctant to say much about the embargo, but he said that it was a question of policy for the government to administer.

Known to Consider. Ottawa, Aug. 1.—The department of the government with regard to measures concerning the embargoing of coal is understood to be under consideration at this time. The department is not at all sure that the embargo will be maintained.

Business Rushed To Clean Up Before New Tax on Cheques Starts

Toronto, Aug. 1.—There was a considerable rush yesterday to clean up pending business and thus avoid the tax on cheques which comes into effect today. Hundreds of commercial and retail banks were seen at the city treasury saved between \$10 and \$15.

The majority of banks have decided to do so early with the result of issuing cheques already endorsed with the date of the new tax. Many concluded that stock banks had the most cause to complain. Can

firm estimated that the new tax would increase the bill for a company by \$100,000 per year. Another firm stated that it is an inferior value, but we have increased our remuneration accordingly and as the Board of our account has declined.

LAMBER AND HOMER DESTROYED BY FIRE

Norfolk Bay, Ont., July 31.—A million feet of lumber, valued at \$800,000 and two houses at Trout Lake, destroyed by fire on Saturday night. It is believed that the fire was caused by a spark from a train.

The fire spread out every vestige of the lumber yard and the mill. It is believed that the fire was caused by a spark from a train.

The

Steps For Establishment Wheat Board Will Be Taken at Once by Premiers Greenfield and Dunning

Conference Will Be Held Probably in Calgary Before End Of Present Week—Stewart and Riddell Will Beyond Question Be Choice of Alberta and Saskatchewan Governments For Wheat Board Directors.

"There appears to be nothing in the way of establishing the wheat board with a very short time," stated Premier Greenfield Tuesday morning when asked as to what steps the Alberta government would take in connection with having the board appointed and operating started on the evening shift has been passed by the legislature.

Premier Greenfield said he would get into touch with Premier Dunning in regard to the matter and was fairly sure that the board would be in a conference before the end of the week. At the same time he stated that the two government leaders will finally decide on the proposed board and the choice will be made as to whether the board should be appointed by the legislature or by the two governments.

It goes without saying that every effort will be made to have James Stewart, former wheat board chairman, head the new board, and the choice for vice chairman will be Fred Riddell, of Regina, former assistant chairman to Mr. Stewart. In this connection Premier Greenfield said Tuesday morning that the government had received information from Premier Minister W. L. Mackenzie King that the Dominion government operates with the province in every particular. From Ottawa, he learned that the Dominion government has expressed an interest in the wheat board of the two provinces.

It is also stated that the government has been advised that the Dominion government must have a representative on the board who would represent the province.

Premier Greenfield said he will likely send Premier Dunning at some point near the Regina. For the conference, for the reason that the weak endeavoring to bring about some adjustment of the difference between Alberta coal miners and operators, and does not wish to lose time from this important session. He considered Monday with representatives of the miners.

Since the last flitter in gas and oil prospects, caused by the blowing of the Calgary well, it has been stated that the city will be deluged with oil and gas.

The first has now come along, so far as the city itself is concerned, a number of oil to empty natural gas.

The offer comes from Dr. Wilson, of Barnia, Alberta, who has been looking over the oil venture in the neighborhood.

Mr. Wilson has sent a letter to the mayor and all the aldermen, asking that it be included within the city charter which would consider a proposition to empty natural gas in the city.

The answer to the proposal, as stated by the mayor, is in the affirmative. Mr. Wilson is certainly at liberty to empty his natural gas in the city, which is hampstrung in the way of saving practical consideration, limit the oil gas proposition to one of the year.

To Visit City

Commissioner Edin, leader of the Salvation Army in Canada West, is expected to visit the city tomorrow morning from Calgary. This is the first time he has been in the city since he left in the beginning of September, leaving for England.

A great farewell gathering will take place Wednesday evening at 7:30 in the army chapel on 84th street.

Signs and Mrs. Patience from Dunsmuir, and Mrs. Northing, Wainwright, as well as Capt. Doris, Red Deer, Col. Lacombe, Aldridge, and Mrs. Vaguelre, Mercer, Stettin, and Mrs. Lacombe, will be in the city to meet the Commissioner.

On the 10 o'clock P.M. train the Commissioner and the private secretary, Mundy, will be leaving for Saskatoon.

From time to time inquiries about the old Nakamuk Oil and Gas Company still come to the city hall.

The latest, which is addressed to the mayor, is from a resident of Regina, and asks that after having considered the matter, the city should consider a proposition to empty natural gas in the city.

"DR. FOWLER'S" Saved the Lives of Four Children

Diarrhoea, dysentery, cholera infantum and summer complaint are among the most dangerous diseases to which any child is subject. According to statistics, in the month of August alone in the year of 1921, 100,000 children died of these diseases. It is therefore imperative that parents should have a remedy that has been on the market for the last 72 years, and has been proven to be the best there is.
